Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance:

The closest prior art of record is U.S. Patent No. 6516316 to Ramasubramani et al.

Ramasubramani et al. disclose a gateway computer in communication with a mobile device. In the system/method, the mobile device transmits a username and a password to the gateway computer for verification. Upon successful validation, the mobile device is issued a digital certificate. Ramasubramani et al. taken either individually or in combination with other prior art of record fails to teach or suggest verifying the legitimacy of the gateway by the mobile station by comparing the variable computed by the gateway with the variables computed by the mobile station as recited in independent claims 1, 14, 19 and 24.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
